1. We are happy to learn that Hans Becker has finally been located at 23 Lessingstrasse, Puerth, Bavaria. If, however, Becker is a KPD member since 1948, as stated in the second reference above, it may not quite be as simple to interrogate him re Sanitzer as we would like it to be. Obviously, the possibility that Sanitzer and Becker are still or again connected cannot be excluded either.

2. Would you consequently be good enough to query Chief, MOB on the exact meaning of the statement "subject is also listed as a KPD member dating to 1948." Where is he so listed, on the basis of what, etc? Possibly Becker's police file could be reproduced so that we have a somewhat clearer idea of what we are getting into when trying to approach Becker.
